Cornerstone is a **full service** lab.

We offer a variety of different products.

If you are looking for a specific product, alloy,
or material not listed, **please contact us!**

Participants in the Volume Tiered Discount Program must pay their bill by the 10th of each month. Once payment is received, a credit in the amount of the qualifying tier and/or shipping credit will be processed on the following month's statement. These credits are applied to cases in our system. A copy of the tier discount that each customer received and the credit(s) will be emailed monthly to the indicated party. Should participant neglect to pay the balance due on the 10th of the month, the qualifying tier volume discount percentage shall be forfeited for any month that payment is not received on time.

WHY CORNERSTONE?

1. we offer a **lifetime guarantee**...
what *other* lab can say that?
2. we are not just a lab, we become a **partner**
in your practice, your patients, concerns,
and questions are ours as well.
3. **communication is key**...our CDTs and MDTs
are readily available to talk, text or email
so we are both on the same step for every case.
4. we are a lab who stays on top of industry news,
if it is **new and innovative**, we are researching
and continuing our education to improve just for you!
