Cornerstone Dental Lab reserves the right to provide an ATLANTIS™ abutment when the system compatibility is available. If system is not available, Cornerstone Dental Lab will fabricate the abutment with a compatible alternative, pricing may vary. Screw-Retained packages come provided with Ti base contingent with system compatibility. No credit will be issued for implant abutment parts provided by the doctor for screw retained implant restorations.

*** This price list is for DDX orders ONLY.**
Prices will not be honored for hand written RXs.
Only DDX RXs are eligible for this discounted pricing.
